Open bore sight channel ends need for swinging scope out of way for close-in shots. Marble's Instant Dual-Sighting Scope Mount gives a choice of sights instantly for any shooting condition. Fast, no loss of valuable split seconds in swinging scope off in the old-fashioned way. Just lower eyes and sight through open bore in mount on the same plane as open sights. Your choice

of round bore or oval—for a wider field of view. Sturdy one-piece construction makes Marble's Instant Dual-Sighting Scope Mount tough and rigid. Designed to use mounting screw holes as provided by manufacturer. Made of light-weight alloy, beautifully finished to color-match scope and receiver. Attractively packaged. Complete with mounting screws.

PRESENT SCOPE MOUNT PROGRAM WILL COVER THE FOLLOWING GUNS:
